TESTING

In accordance with N.J.A. C. N.J.A.C. 5:70-3, 604.4.1.1 requires that all emergency lighting equipment be functionally tested every 30 days for a minimum of 30 seconds and tested yearly for 60 minutes. Written records of testing are to be kept for examination by the authority having jurisdiction. The test record provided may be used to record test results. Make additional copies as required. Record the catalog number of the equipment in the space provided.
